Peter Appleyard joins the C&A Landscapes team

C&A Landscapes welcome Peter Appleyard to its management team, taking responsibility for operations within the company. Peter has worked in this industry for over 10 years, specialising in work for blue chip companies in the commercial sector. Further to this, Peter has project managed, installed & maintained landscaping projects which were awarded by recognised associations such as BALI & the Royal Horticultural Society. Project Managing landscape construction schemes of up to £100k, working with architects and main contractor staff formed a part of Peter's role for over 8 years, plus managing the aftercare and maintenance schedules carried out to complete the defects period.

Now trained by IOSH to manage safely & using his experience in the industry, C&A Landscapes looks to move forward and expand with Peter in 2016.

C&A Landscapes specialises in grounds maintenance throughout the south east, working for various housing associations, property management firms, government bodies and private clients. With quality & consistency the basic fundamentals of the company, Peter's role will help maintain positive relationships with existing clients and offer C&A's work force guidance and training as the company continues to grow and meet new challenges within the landscaping sector.

Peter is now heading up the 24 hour Automated Winter Gritting & Snow Clearance Service.

Working in conjunction with Kent Highways, we base our actions around KCC's own weather report system and gritting schedule.

Using KCC's forecast of air and ground temperature, we will inform our clients of our decision to grit several hours before commencing.

This procedure also gives the client freedom of requesting extra or alternatively no visits at any particular time.

Peter would like to take this opportunity, offer you a FREE site survey of your business premises and grounds in preparation for the winter ahead.

C&A Landscapes is equipped to manage sites of all sizes.
