**Clive Andrews,
Director of C&A
landscapes, says:**

"Our team are highly skilled, professional and passionate about their work. They would be delighted to take care of the hard work for you whether you're a domestic or commercial customer. The locations of our business premises allows us to cover a large area of Kent, Sussex and the South East".

With Spring fast approaching, it's now the perfect time of year to remove the moss and algae that has grown on hard surfaces, such as patios, pathways and other hard standing areas, over the winter months. Not only will your property look more attractive but those surfaces will be safer to walk on once the slippery, and potentially dangerous, moss and algae has been removed and treated.

Areas Covered:

- London
- Sussex
- Surrey
- Kent

A lot of people find this an arduous task, or simply do not have the time, patience or equipment to carry out a proficient job. Thankfully C&A Landscapes has just announced a very special offer where they will visit your property and carry out a professional pressure wash service to remove your moss and algae. **This offer includes a complimentary algae & moss chemical treatment, FREE of charge.**

- All towns & villages within

Website address:

www.candalandscapes.co.uk

The benefits of using C&A Landscapes for your Spring cleaning are simple:

- The Company has 25 years experience of pressure washing cleaning.
- Professional, friendly staff and professional equipment will be used.
- Your pathways, car parks, block work or paving will be transformed to look as good as new.
- Your building exterior will look its best, and therefore aesthetically pleasing.
- Only Eco-friendly algae & moss treatment will be used.
- Spotlessly clean and tidy smoking areas, pathways and car parks will create the right impression to those visiting your business.
- Jet Steam chewing gum removal is also achievable.

This offer is valid for cleaning
booked by 31st March 2016.

Please quote "March Pressure Washing Offer".
